“ *My Brother Carlos, whom I called Joe, was a great man who loved his family and friends, and who was loved by all who knew him. He was an excellent, loving and doting Father, Husband, Brother, Uncle and Son who worked hard to provide for his family and give his children and family meaningful experiences and epic family trips that gave them quality time together and precious memories that they will treasure forever. I am blessed to have had him as a Brother and I will cherish the pleasant memories I have with him. Even though I feel that your time in this life was not long enough, I know that you will enjoy your healing and be able to rest in perfect peace, my dear Brother.*

“ Carlos and I worked together and sat side by side for several years. Carlos was a very humble intelligent and caring person. He introduced me to crypto currency and artificial intelligence. He was always willing to teach and share his knowledge. He spoke highly of his wife and children and we spent hours discussing life and the ever changing world of technology. Sending my condolences to the family. May you be comforted knowing others are with you during this difficult time. Peace and blessing be with you.
