“ *Sammie was my best friend of nearly 20yrs. Through thick and thin she always had my back. Sammie was always honest never to pretend. When I think of everything we been through together, friend is not a strong enough word to describe who she was to me. Whether it's comfort, understand are kick in the butt. Sammie always told the truth because she wanted what's best for me. My heart is filled with sadness knowing she's no longer here. Remember happy times we shared with laughter I will truly miss. Our friendship I will never forget because a true friend is hard to find. I love and miss her dearly and blessed to say she was my best friend.*
