“*Sis I have did nothing but think about you every single day since you've been gone. I will always love you and miss you. Gone too soon! The memories we had together were amazing! We had great times together from the trips we've taken to the nights we went out to the clubs. We used to spend countless hours on the phone together laughing, picking, tripping out. You was definitely my go to when I needed help with a way to say something to people when I couldn't find the right words. You was Salt and I was Pepper! My heart still hurt daily over losing you. Justice will be served! He won't get away with this. Until we meet again Rest in Heaven Sis. May God Bless your soul. Love always you BIG SIS TESSA!*”

“ My sincere condolences to you my beautiful sister and your family Glandina Dixon. I did not know you personally. I just read about your story and how wonderful you were, how much you are truly loved and missed. That is a testament in itself. However, you are my sister in Christ and his love for us all connect us. I know To be absent from the body is to be present with the Lord! I pray your family and friends find comfort in knowing you're in the bests arms with the Lord. I'm praying for your family's peace, comfort, and healing that surpasses all understanding God speed! I've learned in this life we can't focus on the "why"? We must focus only on the "who"? That is the Lord, whose perfect will be done. Rest well my Sister.

Your sister in Christ

“ My deepest condolences to your kids for their double loss and to your entire family 🙏 You had a spirit that could not be forgotten. You were such a pleasure to work with at the bank. All these years later I can still hear your voice calling my name rushing into my office about issues. Even when you/the other managers and unit did the 70's theme and you came into my office to show me the outfit you went out to purchase for the workday when everyone was just supposed to use what they already had in their closet 😂 You were determined and excited. I still have the picture. Any event planned for my Process Support Unit you were always onboard to participate whether it was the managers team swap or our BofA Showtime at the Apollo 😂 Chimas restaurant for manager appreciation...memories!
