“ *I remember the first time we met and how we became friends, best friends, lovers and parents together. We've been through a lot. But I wouldn't change a thing other than having you here right now. Your soul was misunderstood, and your heart was too big. It's ok though. I tell myself your in a better place. I tell myself your not suffering no more. It hasn't been easy without you. It's been emotionally very hard! I have my days honestly. But your truly missed out here. Your daughter loves you. Karmyn will NEVER forget about you. I'll make sure of it. That love was unmatched. We love you forever and always. ❤️*
