“ Continuing, if you were my family and I were with you I would have did the unthinkable but I guarantee you would be still here right now i would never understand whom gave birth to such evil ppl heartless how could someone watch someone do this to you and not do anything sad but what goes around comes around and I'm praying for life sentences without the possibility of parole and they can run but they can't hide because my prayers and your spirit gone lead them right in the hands of the law because they all are guilty anytime you can sit up and watch another person take someone you say is your friends life you ain't about nothing and God knows you didn't deserve that but they will deserve the charges of guilty that's brought against them all they were haters jealous envy heartless 🤡🤡🤡🤡🤡🤡 ppl and once they brought to justice I pray they see you everytime they open and closes their eyes. You appeared to be such a funny out going person the way ppl speaks of you so highly and you were very talented. how could someone take a life they did not give you, smh I'm gone end here bby girl but I'm going to continue to pray I'm feeling justice so close I can reach out and touch it. You sleep on because it will be peacefully really soon #justice for Shanquella B. Robinson May God bless your soul 🙏

Ms. B robinson - November 27, 2022 at 11:56 PM

Didn't know her but praying for family when I see her precious face I get mad knowing there are people that jealous that would rob and kill you. R.I.P prayer is going to bring them to justice.

*I didn't know your daughter, but I can see and feel her spirit and her light. They thought that they could dim her shine but now her light will never go out and the whole world knows what those demons did. Her death will NOT be in vain. I am praying for her soul and her parents, family and true friends. This situation has touched me in a way that I cannot explain. We cannot let this situation be. JUSTICE for SHANQUELLA!!!*

“ I have prayed and I know God will not fail this family, shanquella baby girl I seriously believe we are related but my mother have passed on but rather I am or not I feel like you are and I'm gone stay on my knees in prayer for the family so that the family as well as you can recieve justice so you can rest in peace. and so they can get them killers off the street's also so they can't hurt anyone else and your parents can get the closure that's needed for them to start the healing process they have a long road ahead of them but I will keep them in prayer and Jesus will keep them protected, everytime I think of what happen I wished I had already knew you I wouldn't have ever let you go know where alone out of town without another family member by your side I've never traveled like that and I hate you did also because I could have been with you to protect you.

“ Sending Condolences to Ms. Shanquella Robinson’s family. I can’t imagine the pain and hurt you’re going through rn. Justice will be served! There’s no denying it! I’m struggling to find the words rn! No one should have to go through what you went through. And getting killed by your own community is even worse! It’s horrible. Our community is corrupt. A lot of this has happened because of jealousy within our community. They did this because they were jealous, and greedy for money mr. And mrs. Robinson. Karma will come to these dirty low life devils and we’ll make sure of it!
